

NAFV Member Newsletter Survey

This survey was developed to determine how best to distribute the newsletter in the future. This survey has been approved by the NAFV Board of Directors and outlines the costs involved in printing and mailing. The survey results will be made available to members through the newsletter articles and on the NAFV webpage at www.nafv.org.

NAFV expends approximately \$10,000 per year in printing and mailing the newsletter. Since 2007, all new members already receive the newsletter via email. This saves the NAFV in both postage and printing costs.

Completed surveys can be sent to the National Office or emailed to nafv@nafv.org
